- 16.30 – 17.10 Debate / question and answers

Possible topics and positions during SESSION 1 could include:

Objectives and achievements of TEN-T policy:

- Evaluation of past EU infrastructure policies against the background of the “Single European Transport Area” objectives,
- Barriers to linking up transport networks and operations across borders,
- Progress towards a multi-modal and sustainable transport system networking all the Member States.

Core network corridors:

- Benefits and challenges of a cross-functional approach across both national borders and transport modes,
- Role of the maritime transport dimension (Motorways of the Sea) and interoperable railways (ERMTS),
- Contributions to the development of a comprehensive network.

Possible synergies of objectives and projects at EU level:

- TEN-T policy and Cohesion policy,
- Transport links to neighbouring countries in Europe and beyond,
- R&I,
- Environmental and other policy areas, as transport is bound to become more digital and decarbonize,
- Link between TEN-T and tourism policies in view of the potential economic benefits.

Opportunities for National Parliaments to support TEN-T policy implementation.
